Tonle Sap Lake and River in Cambodia

Providing 60% of the nation's protein, **Tonle Sap** is South East Asia's **largest lake**. It is 2,700 sq km during dry season. During the monsoon season, it rises to 16,000 sq km! So important is fish to Cambodia, their currency “**Riel**” is named after a small silver fish.

Opportunities to Share

In August we were happy to share with a college group called “ **Unveiled Faces**”. This is a combined college group from some local churches, the Lighthouse in SJC, Cornerstone in SC, & Crossroads in SJC.

This month Matt shared our vision of going to Cambodia ,with our church **Lighthouse Christian Fellowship**. We were able to share our video presentation. We are very blessed by our supportive home church and pastor.

Sweet Prayer Meeting

OMF has their monthly regional **prayer meeting in Pasadena**. By attending twice, we were encouraged by veteran and soon to be missionaries. It is a privilege to be rubbing elbows with others. One couple has remained with OMF for nearly 40 years!

Yellow Response Cards

If you would like to stand with us in prayer for our family & Cambodia please fill out a yellow card and send it to OMF. You also can do this at www.us.omf.org/partner

We appreciate you . We cannot do this by ourselves.
Love, Matt, Casey, Micah, and Jordan Friedberg
