-Preparing to serve with OMF in Cambodia

"It is not lost time to wait upon
God"

Looking to a February or July 2008 Departure

Praise the Lord that **90%** has been pledged of our needed support. We **need only 10% more!!** The Lord has been faithful as we look unto Him for His provision. We need **100% by January 3rd** to leave in February 2008. Otherwise we will shoot for the end of the kid's school year, July 2008.

OMF Cambodia Reports:

" 'When are you coming back again to the village?' one Cambodian asks. -**The people want to learn more about Jesus** and they are willing to introduce us to other villages that are open and ready to hear the Gospel. **The time is now; the fields are ready;** these people are hungry to hear more about being followers of Jesus Christ. It's never easy to reach unreached people for God. The enemy tries to discourage us and stop us from working. But our strength come from God and we need to trust God to draw the people to Jesus. Please join us in **praying that the Lord of the harvest to send out more workers** into His harvest field."
